

BETHEL

Robert E. Bundy Gave Memorial Day Address.

The Memorial day observance was of Sabbath quietness but there was a perceptible depth of feeling more impressive than noise or display. Eight veterans of the Civil war in the forenoon were carried in the cars of citizens to Cherry Hill and Fairview cemeteries, where the graves of comrades were decorated with flags and wreaths. Dinner was served at the hall to a large number of the wives, widows, sons, daughters and other relatives of soldiers, the Woman's Relief corps admirably doing the part of hostesses. At 2 o'clock the line of march was formed, headed by the East Bethel band of 10 pieces and proceeded up Main street to the town hall, where a good-sized audience assembled.

Harvey was master of ceremonies. The eight veterans had seats on the platform. A chorus of boys and girls led by Mrs. F. C. Putnam, sang two patriotic hymns and the meeting broke up after singing "My Country 'Tis of Thee." Miss Anna Dunham read Lincoln's Gettysburg address and Miss Frances Southworth read Logan's order. James McCullough recited. Robert E. Bundy of this place, a signal corps volunteer, who is in training at Burlington, gave the address and pleased his audience by his familiar, yet scholarly, appeal to the home folks for the support of the war.

A valuable cow belonging to C. L. Sanders came into contact with a high power wire which had fallen to the ground Tuesday afternoon and was killed instantly. The attention of the Sanders family was attracted first by a sound like an explosion and then by smoke rising from the cow's body. When they reached the place it was found that a second cow, also of high value, had received a shock and rolled down into the brook. Other cows inclined to come near were driven away. The Sanders herd of Holsteins is one of the best in town.

Holway of Barnard learned Wednesday of the death of his mother in Truro, Mass., and went Thursday to Portsmouth, N. H., to visit his son, Raymond, who is recovering from a minor operation at the naval hospital there, later going on to attend his mother's funeral Saturday.

THE TONIC THAT GIVES STRENGTH

After Acute Diseases the Blood Must Be Built Up Before Recovery Is Complete.

Fevers and other acute diseases like pneumonia leave the patient weak, with thin blood and unstrung nerves. The period of convalescence is often long and trying and years of poor health have frequently followed so brief an illness as an attack of the grip.

Much of this sort of misery could be avoided by taking steps to build up the blood so that it can carry to the nerves and to the other tissues of the body the elements that they need to restore their normal functional activities.

Mrs. Myrtle Landers of 5 Plummer street, Haverhill, Mass., used Dr. Williams' Pink Pills as a tonic after pneumonia. She says:

"I had a chill from dampness and exposure, resulting in pneumonia. After the attack was over I lost color, was generally run down and could not seem to get any strength. My appetite was poor and I had no ambition, my head ached continually and I was extremely nervous.

"Through a friend who spoke highly of them I was induced to try Dr. Williams' Pink Pills and I had not finished taking the second box when I could see improvement. My appetite was better and I had a good color. As a tonic I think these pills have no equal. Whenever I use them they benefit me at once."

Most generally debility results from thin blood. Every part of the body suffers and you "feel badly all over." When the blood is restored and the health-giving stream is going to every part of the body you soon see the result in a better appetite, an improved digestion, brighter eyes, better color in cheeks and lips.

By keeping the blood rich and red by the use of Dr. Williams' Pink Pills the danger of nervous breakdown, insomnia, nervous indigestion and other disorders caused by ill-nourished nerves is greatly lessened. In children the use of Dr. Williams' Pink Pills decreases the danger of St. Vitus' dance.

Two books, "Building Up the Blood" and "Nervous Disorders" will be sent free, if you are interested, by the Dr. Williams Medicine Co., Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50. Do not pay more. There has been no increase in price.—Adv.
